# 2024 SUMMER DAY CAMPS

When summer is full of the laughs, high-fives, songs, and exciting challenges children dream of all year, that's more than a great memory, that's an experience that can change a child's life.

At camp, kids challenge themselves like never before, and try something new every day. Whether it's getting on stage to sing a song, swimming in the deep end, hiking off the beaten path or building an invention, the Y helps campers strive and thrive as individuals and leaders.

**We can't wait to see you at Y camp!**

# CAMP POLICIES

## ONLINE REGISTRATION PROCEDURES

**ALL REGISTRATION IS ONLINE** and available on a first-come, first-served basis.

Y Member Registration begins on Monday, February 5, 2024 at 6:00 AM

General Public Registration begins on Monday, February 26, 2024 at 6:00 AM

**Priority registration** (February 5-25, 2024) requires active membership before registration and throughout summer enrollments. Lapse in membership between priority registration & summer programs will result in general public rates for all enrollments. General public who register after February 25 can begin a membership at any time before summer & receive member rates. If a participant begins a membership, they must notify the Camp Director. Member rates will then be reflected two weeks after notification.

## FINANCIAL ASSISTANCE

At the Y, we believe in providing membership and program services to all who desire to participate in the Y, regardless of ability to pay. We ask those in need of assistance to make an appointment prior to your scheduled camp. If you have a child who would like to participate, but needs assistance, please contact Member Services at your Y location.

W2 state and county funding is accepted at some camps. Please call or email the camp contact for additional information.

## ADMISSION POLICY/SPECIAL NEEDS

Y Summer Camp Programs are open to children of all abilities. Children are expected to be potty trained. Parents have a duty to disclose significant medical, physical, emotional or behavioral needs at the time of enrollment. Due to the large group format of our Summer Camps, the Y is unable to provide one-on-one care. If your child has unique needs that require a more specific type of accommodation, a meeting must be scheduled with the Camp Director a minimum of 2 weeks prior to attending the program. This allows us to identify the most effective ways of serving you and your child. Children are still expected to maintain the standards for the Summer Camp Program to the best of their ability. Any disciplinary actions required would take their ability into account.
