ONLINE REGISTRATION

ALL REGISTRATION IS ONLINE and available on a first-come, first-served basis.

Y Member Priority Registration begins on Monday, February 2, 2026 at 6:00 AM
General Public Registration begins on Monday, February 23, 2026 at 6:00 AM

PRIORITY REGISTRATION (February 2-22, 2026) requires an active membership before registration and throughout summer enrollments. Lapse in membership before March 1 will result in program cancellation. Lapse in membership after March 1 will result in general public rates for all enrollments. General public who register after February 23 can begin membership at any time before summer & receive member rates. If a participant begins a membership, they must notify the Camp Director. Member rates will then be reflected two weeks after notification.

Follow the steps below to complete your online registration. All steps must be completed to finalize registration. This program does not save incomplete information.

Families who have not participated in YMCA School Age Care, 4K Wrap or Day Camp must fill out the Child Profile as part of registration. As the profile contains information required by state licensing, it is lengthy and therefore we recommend you complete it in advance of registration. For families who have participated in YMCA School Age, 4K Wrap and/or Day Camp, the information already entered into the Profile has been saved but you must review and update it before you can register.

ADMISSION POLICY/SPECIAL ACCOMMODATIONS

Y Summer Camp Programs are open to children of all abilities. Children are expected to be potty trained. Parents have a duty to disclose significant medical, physical, emotional or behavioral needs at the time of enrollment. Due to the large group format of our Summer Camps, the Y is unable to provide one-on-one care. If your child has unique needs that require a more specific type of accommodation, a meeting must be scheduled with the Camp Director a minimum of 2 weeks prior to attending the program. This allows us to identify the most effective ways of serving you and your child. Children are still expected to maintain the standards for the Summer Camp Program to the best of their ability. Any disciplinary actions required would take their ability into account.
